

## **Digital Leaders Meeting – 17.07.18**

Present – Chloe, Lyra, Riley, Ethan, Ethan, max, Rosie, Lucy, James, Abdul, Mrs Jaques

**This Meeting focussed on the last year. How do we feel about digital leaders and what would we like to see next year?**

### **We spoke about:**

- The parent workshop was useful for parents to learn.
- Our classes appreciated all of the internet safety information.
- Keeping the incident report form for next year.
- We shared a quiz for all classes to do before the end of term to evaluate if they were a good online friend – each class will discuss the different scenarios and strategies they could use to stay safe or keep someone else safe online.

### **Moving forward we would like to work on:**

- More parent meetings – This was also raised in parent council so we will aim to have more workshops available for parents to attend.
- More education for parents – games are not always bad we just need to know how to play safely on the internet.
- Could we create a digital leaders twitter account? Tweet advice and updates. Digital leaders to create videos and have a game of the month – with suggestions on how to stay safe on that game.

**Our next meeting will be in the new academic year where new digital leaders will take on the responsibility. Do speak to your new class teacher in September if you are interested.**
