

Digital leaders meeting – 06.02.19

Discussion:

Digital leaders reviewed the parent's session and discussed how the information for pupils needed to be different. Discussed how learning during the Term 3 internet safety topic had been going and what leaders felt we needed to focus on in assembly. As a group, we decided which app/game or risk the Digital Leaders were going to talk about during the assembly. Each Digital Leader wrote their own segment before sharing it with the group.

Steps for next meeting:

- Rehearse segments for internet safety assembly.
