**Additional Comments Given:**

- The school is very welcoming
- New families who join the school settle in well
- Really great to see SLT visible/on gate
- School responds well to issues, parents feel issues are resolved quickly
- Child safety is taken seriously
- Good ongoing improvement, including displays
- The SENCO team appear to be overstretched, there needs to be more focus on vulnerable children. Some children who do not do well academically still need recognition.
- Children really enjoy After School Club and Breakfast club. After School Club has been a great addition, would be helpful if breakfast club was open earlier.
- It would be helpful to have a member of staff at the front of the school to deter parking/traffic
- Parents could have more information about what children are learning in class each term
- Children really enjoy coming to school and the teachers are great!
- It would be helpful if the school survey has a N/A box or neutral box, as the current layout forces you to agree or disagree, even if you have no opinion/experience on topic
