Dear Parents and Carers,

## Relaunch of Times Tables Rock Stars

We are excited to let you know that we are relaunching **Times Tables Rock Stars** across the school!

Although this fantastic resource has been available for some time, we've noticed it's not being used as well as it could be and we'd love to bring it back into regular use to support the children with their times tables learning in a fun, engaging way at home.

Times Tables Rock Stars is an excellent online platform that helps children become more fluent and confident with their times tables through interactive games and challenges. Regular use of the programme can have a significant impact on speed and accuracy – essential skills for maths success. It is not designed to teach your child their times tables so this will continue to be taught in school and weekly times table testing will still take place.

**Login details** for your child can be found in their **school learning journal**, and we ask that you encourage your child to log in and practise regularly at home – just 3 minutes a day can make a huge difference! It can be accessed via an app on a tablet or phone or via a website. Whichever is easiest for you.

The best place to start is with a **Gig** which your child can play every month and it has them answering up to 100 questions in 5 minutes. This is a great baseline so that the algorithm behind the app can then tailor the times tables questions which your child needs practise to. It is our aim to eventually set Battle of the Band and in school competitions but we will let the children know when these go live.

Attached to this letter is a parent guide to help you understand the various games and challenges but as always, if you have any questions about TTRS then please contact your child's class teacher and we will try and get the answers as quick as possible for you.

Yours sincerely,

Mrs Chatley  
Maths Lead
