WHO ARE WE?

Calypso Cricket

Founded in 2020, Calypso's aim has been to adapt the traditional coaching methods and drive to inspire young players to fall in love with Cricket. Our vision is to grow the game of Cricket by entertaining and educating.

In the three years we have been running, we have catered for over 1000 young players, including working in 8 primary schools. We are keen to keep expanding our coaching and provide more boys and girls with the access to enjoy and love the game of Cricket.

CASE STUDIES

Below are two case studies of Calypso working in primary schools in the Maidstone area.

Case Study 1:

In 2023, Calypso were invited to coach at a primary school in Maidstone. The format was for x2 PE lessons with year 4 students, before an after-school club for years 5 and 6 students.

The sessions proved to be very popular with the students, with over 20 players attending the after-school club, as well as many younger students encouraged to take up the game outside of school.

Case Study 2:

Calypso have also been coaching an after-school club in a Maidstone primary school since 2021.

Over the course of the three years of coaching there, many boys and girls have enjoyed the sessions and have gone on to join their local team's junior section to continue their enjoyment and learning of Cricket.

FEEDBACK EXAMPLE

“Calypso has been a fantastic addition to our Cricket curriculum at East Borough. Their knowledge and execution of a range of coaching techniques has been fundamental to the children improving their skills in all areas of the game. The lessons are engaging, well-planned and flexible. There is no doubt that whatever their ability, children love the sessions and the experience of working with highly specialised professionals”.

Year 6 Teacher.
